

Multimedia Designer

Are you an innovator who can make users' digital experiences easier, more secure and more enjoyable? Do you want to join a company that invests in its people and is changing the way companies do business?

If you answered yes, we'd like to tell you more about ourselves and this position.

We are IMPACT TECH LTD. We're a FinTech company with vision, character and a culture which breeds success and rewards excellence and we are looking for a talented Multimedia Designer to join our growing team in Limassol.

We'd like to add a professional who'll join our creative team and can deliver innovative, on-brand multimedia for online advertising, offline campaigns, video-based content and creatives for our website and channel partners. Your high-quality creations will be delivered by deadlines and support and enhance the Impact Tech brand.

What you will do:

- Produce the work of design concentrations including visual design, interaction design, design research and prototyping.
- Responsible for visually communicating the identity of the brand and ensuring it remains consistent across all mediums
- Develop design/art concepts to match brand identity and product communication points
- Manage multiple projects and remain flexible through multiple revisions while maintaining a keen attention to detail in a fast-paced environment
- Demonstrate effective time management and the ability to handle multiple design projects simultaneously and meet their deadlines
- Innovatively create design concepts within the constraints of cost and time
- Work with a wide range of media

Requirements:

- Advanced experience in development software tools such as Adobe Creative Suite and/or other design applications employing the highest quality standards and demonstrating attention to detail, typography and colour
- An on-line portfolio showcasing innovative online/offline design, responsive web, user experience and visual design work for desktop and touch devices
- UI & UX experience, Interface layout, Interface design, Visual design, Interaction design, Establishing visual guidelines
- Proactive, problem-solving abilities and the understanding to prioritize as deadlines change
- Possess expert understanding of multimedia design and experience building files for both print and digital
- Basic understanding of print production and file preparation
- Able to anticipate change and react efficiently; comfortable with ambiguity
- Able to create processes that support the development of amazing work in a creative environment
- Able to handle multiple tasks for multiple individuals
- Discretion in handling confidential materials and issues
- Excels under pressure, maintaining a calm demeanour
- Works well independently, and within a team

- Strong interpersonal and collaborative skills
- Willingness to work with new technologies
- Understanding objectives and requirements of each design job
- Experience creating flow charts, wireframes, and mock-ups
- Strong command of English language

Desirable:

- Knowledge and experience with cameras/lighting/microphones for studio set-up and video production
- Experience in designing iOS/Android app experiences from start to finish as a visual and UI designer with familiarity of iOS/Android development
- Previous experience in the Finance Industry and/or Business Intelligence
- Icon design

What we offer:

- Challenging and engaging tasks
- Professional growth opportunities
- Flexible work and leave schedules
- A competitive salary with an incentive program that rewards and recognizes outstanding performance
- Opportunity to work in an open and collaborative environment
- Team bonding events
